Sir:

Petitioner, John P. Mulgrew, represents that he is one of the attorneys of record for Acushnet Company, the assignee of the entire right, title and interest in and to the above-identified application by virtue of an assignment from William E. Petitioner hereby disclaims the terminal part of any patent granted on the above-identified application that would extend beyond the expiration date of any patent that may be granted on co-pending U.S. Patent Application No. 09/841,910, filed on April 27, 2001, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to any patent that may be granted on co-pending U.S. Patent Application No. 09/841,910.

Petitioner further agrees that this agreement is to run with any patent granted on the above-identified application and is to be binding upon the grantee, its successors, and assigns.
